HAPPY NEW YEAR !!

2020

Welcome to the Lima Denture Clinic!

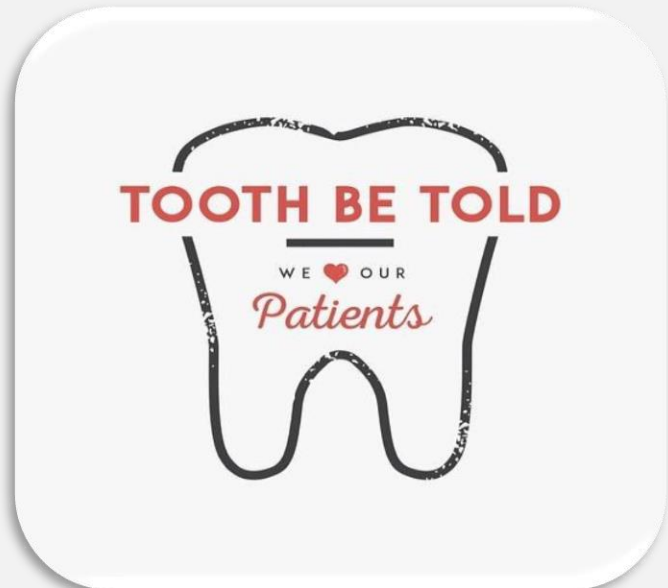

Mr. Lima and his team are dedicated to making your visit to our denture clinic comfortable, while focusing on creating a denture specific to your denture needs.

Mr. Lima brings to the beautiful town of Perth, Ontario; 35 years of experience as a denturist, practicing in Ottawa since 1984. He is a member of the Denturist Association of Ontario, certified in BPS, and well versed in implant dentures.

Mr. Lima is devoted to helping his patients, and keeping them smiling with confidence. Mr. Lima is attentive when creating a denture, and understands that every person has different denture requirements, and he takes pride in carefully crafting a denture to fit all your oral needs.

At our office, you will be welcomed with a smile by our reception staff, who are always eager to help you. Do not hesitate to give us a call if you have any questions or if you would like to schedule a free consultation. Our Clinic is located across from the Perth & District Community Center and Hockey Arena, with plenty of parking at the back of our building.

We look forward to seeing you soon!

Great News!!

Did you know that the new **Ontario Seniors Dental Care Program** is now available? The OSDCP government-funded dental care program, provides free and routine dental and services for low-income seniors who are 65 years of age or older.

Eligibility

You can apply for the program if you:

If you are 65 years of age or older and an Ontario Resident

Meet the income requirements of an annual net income of \$19,300 or less for a single senior or a combined annual net income of \$32,300 or less for a couple

Coverage includes:

1. Dentures, will be partially covered.
2. check-ups, including scaling, fluoride and polishing
3. repairing broken teeth and cavities
4. x-rays
5. removing teeth or abnormal tissue (oral surgery)
6. anaesthesia
7. treating infection and pain
8. treating gum conditions and diseases (periodontal services)

Please speak to your local public health unit for more information, or to access the Dental care for low-income seniors' website, go to:

<https://www.samlimadentureclinic.com/dental-care-for-seniors>

If you are having difficulty printing out the application form, please do not hesitate to contact our office. We would like to help.

WE MISS YOU!

You may not realize how long it has been since we've seen you. We understand how hectic life can be, and it's easy to put off a visit to the dentist. We sincerely care about your dental health, and we're concerned when you miss out on your regular dental visits. With regular annual check-ups and good home care, the dentist can help you maintain your oral health.

Do not forget to call today to schedule your **FREE ANNUAL CHECKUP** appointment and receive a cleaning and polish for your dentures and a complimentary oral cancer screening.

If you haven't been in because you are seeing another dentist, please let us know. This way, we can update our records and we'll know you're receiving your all-important dental care. A welcoming smile is waiting for you!

Our Services

Annual Checkups

An annual checkup is important to maintain a healthy smile. Mr. Lima can examine your gums and tissues to provide you suggestions to maintain your oral health and dentures. Your gums and tissues change over time and your denture might become loose or ill fitting. During your checkup, we will clean and polish your denture at no charge, which is essential to your oral health.

Dentures

Dentures come in many different types, most common dentures are complete and partials. Mr. Lima can recommend a denture type to your specific oral condition and aesthetic requests. Each denture is personalized to the individual needs and as to their specifications.

Implants

An implant-supported denture is when the denture is secured by an attachment and implant system. Implant retained dentures are more stable and "real" feeling than most types of dentures. Implants are a proven restoration option with a long, clinical history and an excellent success rate. Implants can help improve speech, comfort, appearance and overall experience with your dentures. Mr. Lima can recommend treatment types when it comes to dental implants.

Relines

Over time your gums will change and shrink, relines is when we add a new base material to the tissue side of a denture so it fits properly. Mr. Lima will need to take an impression inside your existing denture and rebuild the inside of the denture which will refit your denture to your gums. Relining a denture can restore your denture to make it feel like a new denture, a reline will only change the fit of your denture and will not change the appearance of it.

Same day repairs

If you have a cracked or broken denture, we can assess your denture and Mr. Lima can advise you on any necessary treatments required. We offer same-day repair service to broken dentures, or while you wait.
